

GRAPHIC DESIGN PORTFOLIO

On just completing my graphic design course from Arena Animation, Jayanagar, Bengaluru. I have gained a good exposure on number of design aspects as part of the academic course.

I'm a hard worker with strong work ethics and quick learner. I am seeking a new challenge to explore my graphic design potential.

I believe in exploring and gaining more knowledge and learn new things related to the field in the progress.

Why IBSE

The best of best knowledge has been provided to the students by IBSE. After accomplishing the courses from our institute, IBSE the students must be getting the best opportunities in their carrier.

The IBSE provides the right path for the students by their guidance. Short duration programmes in various faculties which enable the candidates students to acquire value based and world class management and engineering qualification while working.

Those who are short of time and wish to upgrade their skills, knowledge for success can choose fast track courses where they can keep themselves connected to the faculties and co-learners. They can opt for at home examination to save their time and re-attempt thrice of chosen wrong answer.

However, the pursuit of our technical and management programmes demands intellectual maturity, strength and willingness to work hard. For those endowed with inquisitive minds, application of techniques and the drive to succeed, these programmes will be a voyage of discovery leading to professionally satisfactory careers.

We invite all those who share our vision goals and purpose to join hands in hand in our effort to build a new cadre of management and technical professional, who wish and will participate actively in the growth of this era of economy liberalization and globalization.

CARRIER OPPORTUNITIES

The IBSE programs are designed as career oriented professional and technical programs. The body of knowledge, Curriculum design, education methodology, examination and Evaluation process. All have thrust on improving and evaluating the skills of the students to enable them to build successful careers.

The IBSE programs attempts to blend Indian international contents and make our programs Educative and professionally rewarding. We are regularly upgrading our course contents to meet the daunting challenge of the millennium. Our students cultivate human traits and Values and organizational loyalty and this goes along way in making a niche for themselves in the fiercely competitive corporate world.

Institute of Business Studies & Engineering (IBSE) is a competent authority (self financing) itself to impart certification based on their (student/s) experience to meet the educational Standard of the course, it is laid down by the institute to which a student wishing/wished for admission, Our certification in an added benefit for the working class/holders in securing better prospects/promotions and is not valid for governmental jobs/ higher studies.

COURSE

Advance Diploma in Hotel Management (ADHM)

Objective : The one year distance learning advance diploma in hotel management (ADHM) programme conducted by IBSE Delhi, has been designed for meeting the demand of the growing needs of experts in the fields of general management, client service management, front office management etc.

COURSE

Advance Diploma in Business Management (ADBDM)

Objective : The one year distance learning advance diploma in business management (ADBDM) program conducted by IBSE Delhi, has been designed for meeting the demand of the growing needs of experts in the fields of general management, organizational behaviour with an specialization.

COURSE

Executive Master in Business Administration (EMBA)

Objective : The one year distance learning executive master of business administration (EMBA) certification programme being conducted by IBSE Delhi, has been designed for meeting the demand of the growing needs of experts in the fields of general management, travel tourism & hospitality, media & marketing management etc.

Eligibility : Graduate with Work Experience.

Director Message

Dear Student,

Welcome to INSTITUTE OF BUSINESSSTUDIES & ENGINEERING (IBSE).

We are extremely proud of our ongoing tradition of excellence in imparting Fast Track Distance Learning Management Technical Education in India. Today, we consistently provide ongoing measurable outcomes to substantiate our legacy of quality in Management and engineering education as above.

IBSE provides students with the skills and knowledge that allow them to succeed in today's global business Environment. The institute is committed to fostering professional development by Integrating rigorous institutional excellence with exposure to real business experiences, And relevance in a dynamic and global business environment.

We welcome, you to discover for yourself the other dimensions that make IBSE a fountainhead of managerial talents. Our students are enabled and empowered with knowledge. Institutional and industrial input is an essential part of our curriculum. I am fully confident of their ability to add value To your organization and prove their worth. Each student is groomed and made to realize the importance of a manager to today's economy and to the nation.

I wish heartily all the best to all the students pursuing their courses from IBSE for the best of the future ahead in their Professional career.

Regards,
J K Singh
Director
IBSE

Mission

IBSE is ready to provide, industry Oriented programme. The best quality education in management and engineering through Distance learning education through out the globe. Our mission to provide quality education Of global standard to working professionals on a strong foundation of Indian values and Traditions to the students based on current advances in management, science, technology, Commerce, and social demands with emphasis on commitment to social progress, peace, Harmony, and national integration.

Vision

INSTITUTE OF BUSINESS STUDIES & ENGINEERING (IBSE) paves a path to early success in life through its fast-track short duration correspondence courses. These courses consist of concepts and case studies that provide broad exposure to relevant business concepts and management specifics. This helps them to get started as "Managers" by enhancing Their productivity, capability to formulate business policies, strategies and their implications for the organization.

Why IBSE

The best of best knowledge has been provided to the students by IBSE.

After accomplishing the courses from our institute, IBSE the students must be getting The best opportunities in their carrier.

The IBSE provides the right path for the students by their guidance.

Short duration programmers in various faculties which enable the candidates students to Acquire value based and world class management and engineering qualification while working.

Those who are short of time and wish to upgrade their skills, knowledge for success canchoose fast track courses where they can keep themselves connected to the faculties and co-learners. They can opt for at home examination to save their time and re-attempt thrice of chosen wronganswer.

However, the pursuit of our technical and management programmes demands intellectual Maturity, strength and willingness to work hard. For those endowed with inquisitive minds, Application of techniques and the drive to succeed, these programmes will be a voyage of Discovery leading to professionally satisfactory carriers.

We invite all those who shares our vision goals and purpose to join hands in hand in our Effort to build a new cadre of management and technical professional, who wish and will Participate actively in the growth of this era of economy liberalization and globalization.

ENGINEERING	PROGRAMMES
Courses- Diploma in Civil Engineering (DCE) Objective : The Three year distance learning Diploma in Civil Engineering(GDCE) is a conducted by the IBSE Delhi, has been designed for meeting the demand of the growing needs of experts in the fields of civil engg. Building Construction, Computer Designing, transportation structure, cost & valuation e.t.c. Eligibility- 10th with work experience	
Courses- Bachelor in Civil Engineering (B.C.E) Objective : The Four year distance learning Bachelor in Civil Engineering (B.E), is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of Building Construction, Computer designing, transportation structure, Cost & Valuation e.t.c. Eligibility- diploma / +2 (PCM) with work experience	
Courses- Master in Engineering (CIVIL) MCE Objective : The Two year distance learning masters in civil engineering,is a conducted by the IBSE Delhi, has been designed for meeting the the growing needs of experts in the fields of Engg. Mgt. engg. Mechanics, cost & Valuation e.t.c. Eligibility- BE with work experience	
Courses- Diploma in Mechanical Engineering (DME) Objective : The three year distance learning Diploma in Mechanical engineering (DME),is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of mechanical Engg., Building Construction, Computer Designing, Transportation structure, Cost & valuation e.t.c. Eligibility- 10th with work experience	
Courses- Bachelor in Mechanical Engineering (B.M.E) Objective : The four year distance learning bachelor in engineering in mechanical (B.E),is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of Building Construction, Computer Designing, Transportation structure, Cost & valuation e.t.c. Eligibility- +2 (PCM) or Diploma 3 year's with work experience	
Courses- Diploma in Chemical Engineering (DCE) Objective : The Three years distance learning diploma in chemical engineering (DCE) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of Engg chemical Engg. , polymer sc, e.t.c. Eligibility- 10th with work experience	
Courses- Bachelor in Engineering (B.E) (Chemical) Objective : The Four years distance learning Bachelor in chemical engineering (B.E) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of Chemical engg., strength of materials , heat e.t.c. Eligibility- +2 (PCM) / Diploma with work experience	
Courses- Master in Engineering (M.E) (Chemical) Objective : The Two years distance learning Master in chemical engineering (M.E) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of strength of materials ,engg. Drawings, engg. Mechanics, transports process. e.t.c. Eligibility- B.E with work experience	
Courses- Diploma in Electrical Engineering (DEE) Objective : The three years distance learning Diploma in electrical engineering (DEE) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of strength of electric engg. , basic electronics, Computer e.t.c Eligibility- 10th with work experience	
Courses- Bachelor in Engineering (B.E) (Electrical) Objective : The Four years distance learning Bachelor in Electrical engineering (B.E) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of strength of electrical engg. Power generation, Industrial circuit, e.t.c. Eligibility- +2 (PCM) / Diploma with work experience	

ENGINEERING	PROGRAMMES
Courses- Master in Engineering (M.E) (Electrical) Objective : The Two years distance learning Master in Electrical engineering (M.E) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of engg mgt, basic electric , Instrumentation e.t.c. Eligibility- B.E with work experience	
Courses- Diploma in Electronics & Communication Engineering(DECE) Objective : The three years distance learning Diploma in electronics & Communication engineering (DECE) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of Electronics & Communication engg. , Communication Skill , digital electronics e.t.c. Eligibility- 10th with work experience	
Courses- Bachelor in Engineering (Electronics & Communication) Objective : The four years distance learning Bachelor in electronics & Communication engineering (B.E) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of Electronics & Communication engg. , Applied Mathematics e.t.c Eligibility- +2 (PCM)/Diploma with work experience	
Courses- Master in Engineering (Electronics & Communication) Objective : The two years distance learning Master in electronics & Communication engineering (M.E) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of analog electronic , digital electronics, optical fiber e.t.c Eligibility- B.E with work experience	
Courses- Bachelor in Engineering (Computer) Objective : The four years distance learning Bachelor in Computer engineering (B.E) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of computer engg. , Multimedia e.t.c Eligibility- +2 (PCM)/Diploma with work experience	
Courses- Master in Engineering (Computers) Objective : The two years distance learning Master in Computer engineering (M.E) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of oracle 9i , visual basic, e.t.c Eligibility- B.E with work experience	
Courses- Diploma in Automobile Engineering(DAE) Objective : The three years distance learning Diploma in Automobile engineering (DAE) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of mathematics , Heat Transfer and Combustion e.t.c Eligibility- 10th with work experience	
Courses- Bachelor in Engineering (Automobile) Objective : The four years distance learning Bachelor in automobile engineering (B.E) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of vechicle management, wiring diagram e.t.c Eligibility- +2 /Diploma with work experience	
Courses- Diploma in Mofet Cycle Engineering(DMCE) Objective : The three years distance learning Diploma in motor Cycle engineering (DMCE) is a conducted by the IBSE Delhi, has been designed for meeting the growing needs of experts in the fields of engine Design. CAD e.t.c Eligibility- 10th / 10+2 with work experience
